Welcome to another exciting school tour season!

This year is a particularly special one for all of us at The School Tour Company as we celebrate our 15th anniversary. Looking back over the past 15 years, we are incredibly proud of what we have achieved and immensely grateful to the teachers and schools who have placed their trust in us year after year. Your loyalty, recommendations and repeat bookings have been the foundation of our success, and we sincerely thank you for being part of our journey.

To celebrate our 15th anniversary, we wanted to say a special thank you to those who have supported us throughout the years. Our "10 for 10" anniversary offer gives €10 off per student to any teacher who has travelled with us on 10 or more tours. It is a small token of our appreciation for the confidence you have placed in us over the years.

This year also marks the end of an era as our Managing Director, Gráinne, retires after an exceptional career dedicated to building The School Tour Company into the business it is today. Her passion, commitment and care for every group have left a lasting legacy, and we wish her every happiness in her well-earned retirement.

As we look to the future, we are excited to lead the next chapter of the company. Together with our fantastic team, we remain committed to delivering the exceptional service, attention to detail and memorable educational experiences that you have come to expect, while continuing to grow and develop the business for many years to come.

We are also delighted to share that our expansion into the UK has been a great success. It has been wonderful to welcome so many new schools while continuing to strengthen our relationships with our valued clients across Ireland, France and beyond.

It was a pleasure to meet so many of you on our inspection tours this year, and we have plenty of exciting tours planned for the future. We also continue to grow our sister company, The Group Tour Company, which specialises in escorted travel with a fabulous trip to South America in March. If you, your colleagues, friends or family are considering an escorted or group holiday, we would be delighted to help. With decades of experience organising group travel, you can rest assured that you are in good hands.

As always, our priority is to plan a hassle-free tour that combines educational experiences with plenty of fun for you and your students. We never lose sight of the responsibility you place in us when entrusting us with your group's travel arrangements.

Thanks once again.

We will be more than happy to offer advice, suggest itineraries and recommend popular attractions and destinations to you.

Please also mention if your group has a special interest, e.g. music, history, art, geography etc, as we can tailor your itinerary to this subject.

Once you are ready to go ahead and book your tour, please advise students that they will need to pay a deposit of €300 (may be higher or lower depending on tour price and destination). We will require the deposit, along with passport name and date of birth for everyone travelling in order to confirm your tour and book your flights. Deposits are non refundable.

Generally payments are made online through our payment portal and we will provide a booking ID for this. We can also accept bank transfers and cheques made payable to The School Tour Company.

- Advise if you have any special needs/disabled passengers in your group.
- Which flights would be the most suitable to you, morning or evening departures, taking into account your departure airport.
- If you have foreign national passengers travelling in your group please advise them to apply for visa documentation as soon as possible. We can send a

visa assist letter to support this process.

- Flights are strictly subject to availability. We will advise you of current schedules and fares, if available, at the time of quotation however they are subject to change.

We work with long established suppliers in all destinations:

Coaches:

Our coaches are modern with very experienced coach drivers, familiar with routes and itineraries. We will endeavour to provide English speaking drivers, unless your preference is otherwise. All drivers have to comply with EU drivers regulations.

Accommodation:

Our hotels generally have 3/4 bedded rooms for students with en suite facilities. If you require twin rooms for your students, this is generally possible at a supplement.

Group leaders are always accommodated in twin rooms. Single rooms are available at a supplement. Hotels are generally modern and of three star standard.

The standard of youth accommodation in Europe has increased dramatically in recent years. Youth Hostels are chosen by group leaders as they generally have recreation rooms and common areas for students. Modern hostels have en suite facilities and you may have 4 - 6 students to a room. Twin rooms with facilities are available for group leaders.

Guides:

Where possible we try to ensure that our guides are very experienced, knowledgeable and are used to working with student groups.

Useful Information

Free Place Ratio

Our standard free place ratio is 1 free leader with every 8 paying passengers and 1 free with 10 for ski tours.

However you can choose to bring more or less leaders on the tour and the price will increase/decrease accordingly.

Supplements for extra leaders may apply depending on the destinations.

Change in Numbers

Please advise us as soon as possible if you have extra passengers, before confirming with them, so we can check availability with the airline and hotel, if necessary. If any passengers cancel from the tour then please be aware that this may affect your tour price and free place ratio due to the shared costs involved.

Cancellation Charges

Deposits are non-refundable but can be transferred to a replacement passenger on the same tour. However, the applicable name change fee will be charged if airline seats have been purchased.

Our cancellation charges are as follows:

- 29 – 56 days prior to departure – 80% of the tour price.
- 28 days or less prior to departure – 100% of the tour price.

Further information on cancellations is included in our booking conditions on Page 18.

Insurance

Our insurance is included for each passenger up to the age of 69, unless otherwise advised by you. Premiums will apply for those aged 70 and over for some pre-existing medical conditions so please check with our insurance company. A full copy of the policy terms and conditions will be sent to you on confirmation of your tour. If you wish to see the policy in advance then we would be happy to forward it to you.

Passenger Lists/Name Changes

In all cases we will require a passenger list of passport names for all passengers travelling. Please ensure names are correct as once they are submitted to the airline, name change fees will apply.

In the event that you must change one passenger name to another then the

airline will charge a substantial name change fee for this, regardless of how small the change and they show no leniency at all. Name changes vary for each airline so we will advise the cost at time of change. We must receive all name changes in writing.

API (Advanced Passenger Information)

It is a compulsory requirement for any passengers intending to travel to Spain and the USA to provide some Advanced Passenger Information which includes date of birth, gender,

passport number, expiry date, issue place and nationality. This information is generally required either at the time of ticketing or at the time of online check-in.

ESTA (Electronic System for Travel Authorisation)

Since January 2009 it has been compulsory for all Irish citizens to obtain approval through the Visa Waiver Programme (VWP) enforced by the U.S Department of Homeland Security.

All eligible passengers should apply for authorisation and pay the applicable fee by visiting <http://esta.cbp.dhs.gov/> (at a cost of no more than \$21).

This programme enables citizens from 36 countries to travel to the United States for 90 days or less without obtaining a visa. For a list of the 36 countries please visit <http://travel.state.gov>. Please note that all passengers must have biometric (machine readable) passports to gain entry into the USA.

Passports & Visas

Most European destinations just require passports to be valid for the duration of your stay; however some do require 3 or 6 month validity from the return date. Please ensure that you check well in advance of travel.

All Visa requirements are the responsibility of the passenger and they should make contact with the Embassy of the country they are travelling to in plenty of time before travel.

We will send the passenger documentation supporting the visa application, if required. It is up to the individual to ensure that they comply with all requirements that are needed for them to enter the country and return to the Republic of Ireland or the UK.

Online Check-in & Assigned Seating

Compulsory online check-in applies for all Ryanair and Easyjet flights in advance of travel. Please note that for administration purposes we will require the following details from each passenger one month before travel: d.o.b, nationality, passport number, expiry date and place of issue. It is extremely important that all passport information is correct as once tickets are issued then high change fees apply, or in some cases you may have to purchase a new airline seat. There is a charge for checking in at the airport if the passport information is not given in advance.

Boarding cards for Ryanair flights can only be printed 24 hours in advance of travel. If the assigned seating fee has been included in your tour price then we are able to issue the boarding cards sooner. Please check with us for current advanced check-in/assigned seating fees as Ryanair operate a tiered pricing structure so they vary greatly depending on availability and destination.

Booking Conditions

Please ensure that you read the following booking conditions carefully, as they form the contract between the group and The School Tour Company.

1. Booking

Your booking is made with The School Tour Company (the Company) at the address of 4th & 5th floor, 121-122 Capel Street, Dublin, D01 V3P0.

You are authorising The School Tour Company to act as your agent and we will arrange for you to enter into a contract with the provider (travel provider) of the travel related service, including among others, airlines, hotels, insurance companies, coach hire companies, transfer companies and various destination management companies. You are bound by the travel provider's terms and conditions of booking. We are acting as your agent in arranging your booking and the travel provider is the principal or the agent to the principal.

A contract will only exist when we have received the required first deposit amount per student and have acknowledged receipt of this, sent you your confirmation letter and booking form. This form needs to be signed by the group leader and returned to us as soon as you receive it. On signing the booking form the group leader is accepting the following conditions on behalf of all members of the group. Once we receive the signed booking form, all aspects of your booking are formalised. The group leader will be our point of contact, unless we are advised otherwise.

The terms of the contract are to be interpreted under and are subject to the laws of the Republic of Ireland.

2. Deposits/Payment

The full deposit amount is generally €300 per student. Full payment is required 12 weeks prior to departure date. The passport name and date of birth for all passengers that are travelling will be required at the time of booking. Higher or lower deposits may be required depending on the destination and overall cost of the tour and the cost of the airline seats. You will be advised of deposit amounts in your quotation.

Deposits are non-refundable (unless the cancellation is covered by insurance). Deposits are generally paid online through our payment portal. We provide a booking ID for your tour. We can also accept cheques and bank transfers. All cheques are to be made payable to 'The School Tour Company'.

Full payment is required 12 weeks prior to departure date. The payment details will be displayed on our payment portal and the group leader will receive all invoices applicable to the tour and final payment date will be clearly indicated. If we do not receive full payment by this date then we reserve the right to charge applicable cancellation charges as outlined in condition 6. We will not be in a position to pay final balances to our suppliers if we have not received your final payment and this could put certain aspects of your tour in jeopardy.

3. Passenger names

For groups paying online then it is the responsibility of the person who enters the student's information, on the payment portal at the time of booking, to ensure that the passenger name and date of birth are correct. If paying by cheque/ETB/bank transfer then it is the group leaders responsibility to ensure that all passenger names provided to us at the time of booking are as per passport and they must be sent via email. If any changes are to be made once airline seats have been purchased then name change fees will apply, see condition 7(a).

4. Insurance Cover

Insurance cover is included for every passenger, unless you have indicated otherwise. Insurance cover commences from the moment we receive your deposits. If our travel insurance is not taken then we need confirmation in writing that another travel insurance scheme will be covering the tour arrangements.

5. Price changes

All tour prices are based on the current exchange rates that apply at time of booking. The Company reserves the right to pass on any increase due to currency fluctuations with exchange rates once the increase exceeds 2%. You will be notified before your final payment is due. In addition, the Company reserves the right to pass on any increases due to the introduction of any new tax or levy enforced by the Government in the Republic of Ireland or abroad or an increase in an existing tax or levy, or any increase in fuel surcharges which are outside of our control.

The Company reserve the right to surcharge for any increases mentioned above at any time up until final balance due date (12 weeks prior to departure).

6. Cancellations

The group leader must advise the Company by email as soon as they receive a cancellation.

Cancellation of a booking is effective only once it has been received in writing to the Company from the group leader and any cancellation charges will be calculated from this date. Deposits are non-refundable but can be transferred to a replacement passenger, where an applicable name change fee may apply.

Our cancellation charges are as follows:

29 – 56 days prior to departure – 80% of the tour price.
28 or less prior to departure – 100% of the tour price.

Many reasons for cancellation (other than disinclination to travel) are covered by our insurance cover, please check our insurance booklet. If the reason is insurable, a cancellation invoice will be sent to the insurance company and full money will be refunded minus the premium and excess charge. Please note that cancellations could increase your tour price if it affects the student/teacher ratio.

7. Alterations to your tour

(a) By the Group Leader

Should the group leader wish to make any changes to their tour then the Company must be notified as soon as possible. Changes can only be made once they have been confirmed by the group leader to the Company in writing. We will endeavour to make the changes, if they are practical, at a minimal cost; however this is dependent on costs imposed by our suppliers at the time of change. Please be aware that if there are any changes requested to be made to airline dates/routes or names then substantial costs may be incurred by the airlines. Name change fees are strictly enforced by all airlines and these can vary depending on the airline. The passenger that is cancelling from the tour is obliged to pay this fee for their replacement or if it is in error then the passenger/group leader is obliged to pay same. Name changes must be confirmed in writing.

If the group leader wishes to add extra passengers to the group then the Company will try their best to facilitate you. Please note that surcharges may apply due to increased airfares etc.

(b) By the Company

While the Company's aim is to satisfy your requirements and expectations from the time of booking, occasionally we have to make alterations to your tour due to changing circumstances and we reserve the right to do so at any time. If any changes have to be made to your tour the Company will advise you as soon as possible and endeavour to ensure that the same standards are met and a satisfactory alternative is provided. In the unlikely event of the group leader not being satisfied with alternative arrangements that the Company have been obliged to make, then a full refund of all monies will be given, except if the changes are due to circumstances outlined in condition 8.

(c) Changes by airlines

Any change in departure or arrival airport and flight schedule will not entitle you to cancel or change other arrangements. Refund and booking conditions for that particular airline will prevail. Please note that a change of airport, airline or flight time of less than 5 hours is not deemed as a significant change.

8. Events beyond the Company's control

We regret that we cannot accept liability or pay any compensation where unforeseeable events, outside the Company's control, prevent contractual obligations being carried out. War, threats of war, natural or nuclear disaster, volcano eruptions, 'force majeure', closure of airports/ ports, terrorism, political unrest, pandemics, industrial disputes, adverse weather conditions, technical faults or accidents involving transport, fires and 'acts of God' are all classed as events outside of the Company's control. If any of these unlikely events occur we may have to cancel or rearrange your tour. We cannot guarantee any refunds will be made unless we are able to obtain refunds from our suppliers.

8.1. Visa Requirements

All Visa requirements are the responsibility of the passenger and they should make contact with the Embassy of the country they are travelling to in plenty of

time before travel. This also applies to the ESTA application for travel to the USA. The Company will accept no responsibility if you are refused boarding at any airport due to the fact that you do not have the correct Visa and documentation in place to travel.

9. Special Requests

Special requests (e.g. dietary requirements) must be made in writing and shall be communicated by the Company to the relevant supplier. The Company shall use reasonable endeavours to fulfil such requests. No liability shall attach to the Company for failure to comply with a special request and such requests do not form part of this contract.

10. Complaints/Difficulties while on tour

Should the group leader have any complaints before or while on tour you are asked to contact the Company using the contact details you have been provided with.

If any difficulties are experienced while travelling or when abroad then the emergency numbers must be used to inform the Company of these difficulties in order to rectify the situation as soon as possible. If the group leader is unhappy with a particular aspect of your tour we ask you to contact the supplier on the emergency numbers you may have for them in your travel documents e.g. coach company, hotel agent. If problems are not discussed with them at the time suppliers are reluctant to help with the complaint when the group are back in Ireland, as they would not have had the opportunity to resolve the problem at the time. If the difficulty you have encountered cannot be rectified then contact the Company's emergency number/office number in order for us to liaise with suppliers involved.

If the matter is not resolved or cannot be resolved while you are on tour then it must be sent to us in writing no later than 28 days from returning from your tour, as the Company will not accept liability for any complaints received outside this period. In the unlikely event that an agreed settlement for a dispute or complaint cannot be reached then we refer you to the special Arbitrations Scheme detailed in condition 11.

11. Arbitration

Any dispute or difference of any kind whatsoever which arises or occurs between any of the parties hereto in relation to anything or matter arising under, out of or in connection with the contract and/or the booking connected to this contract shall be referred to arbitration under the Arbitration Rules of the Chartered Institute of Arbitrators – Irish Branch. Full details of this scheme are available on request. Neither the Company or the group leader has the right of Appeal except the High Court on a point of Law.

Alternatively, claims for less than the jurisdiction of the District Court Small Claims Procedure per booking form may be pursued through the District Court Small Claims Procedure. All claims in excess of the jurisdiction of the District Court Small Claims Procedure shall be referred to arbitration.

12. Liability

Every effort will be made to ensure the smooth running of your tour and that all arrangements are made accurately.

We accept full responsibility if any of the services provided to you are not handled correctly by our employees and for any element of the tour arrangements which are under our direct control.

We will only accept responsibility for any personal illness, injury or death which results from the negligence of our employees, or any of our suppliers providing services on our behalf.

We cannot be held responsible for the loss of enjoyment and/or additional expenses, which are caused by events beyond the Company's control (condition 8) and could result in travel arrangements being changed.

13. Data Protection

The Company is committed to protecting your personal information. Any contact details supplied will only be used for administration purposes by the Company. On occasion we will have to provide personal information to our suppliers and agents in order to enhance the tour service. Please note that airlines are required by new laws introduced in the United States and other countries to give border control agencies access to passenger data. Accordingly any information the Company has regarding any passengers travel arrangements may be disclosed to the customs and immigration.
